

Early Buddhism Workshop Series in Dhammaloka - NOBLE EIGHTFOLD PATH

Buddha in the Four Noble Truths identified the **Noble Eightfold Path (N8P)** as the path that will lead to cessation of Suffering.

- What is the big-picture context for the **N8P**?
- What are some typical misconceptions about the **N8P**?
- How do we practise the **N8P**?
- What is the relationship between the eight factors?
- Are there any of the 8 factors which are more important than others?
- How should the factors be understood in detail?

With these questions and more, we will need, not one, not two, but **THREE TEACHERS**, to show us the Path and how we should practise!!!

BSWA is pleased to organise the next Series of Workshops with focus on the **N8P**.
